

2nd Annual IAAN Conference of Applied Neuroscience

KEYNOTE SPEAKERS

Dr Louis Cozolino
Psychologist, Author
Los Angeles, USA

**The impact of the Internet on Executive
Functioning**

Dr Amee Baird
Neuroscientist, Author
Newcastle,

Sex and the Brain

Dr Jared Cooney Horvath
Educator,
Melbourne

**From the Laboratory to the Real World:
Issues of Translation**

21 - 23
MAY 2020

**EARLY BIRD DISCOUNT
AVAILABLE UNTIL
31/03/20**

Pre- Conference Full Day Workshop

20 MAY 2020

Public Lecture

21 MAY 2020

Location:

Hotel Rydges on Swanston,
701 Swanston Street, Carlton
& The Melbourne Brain Centre

- Up to 20 additional speakers, covering a wide range of applied neuroscience topics
- 3 conference streams (Psychotherapy, Organisational and Educational)
- Keynotes, oral presentations and workshops

- **24 Continuing Professional Development Points**
- **FREE IAAN MEMBERSHIP** for full-time students

SPEAKERS & TOPICS

Dr Louis Cozolino
Psychologist, Author
Los Angeles, USA

Dr Louis Cozolino holds degrees in philosophy, theology, and clinical psychology. His interests are in the areas of the synthesis of neuroscience with psychotherapy, education, management and leadership. He is the author of seven books including *The Making of a Therapist*, and *Why Therapy Works*. He has also authored, co-authored articles and book chapters on child abuse, schizophrenia, education, language and cognition. Dr Cozolino lectures around the world on brain development, evolution, psychotherapy and maintains a clinical consulting practice in Los Angeles

THE IMPACT OF THE INTERNET ON EXECUTIVE FUNCTIONING

Dr Lou Cozolino will present a model of executive functioning and describe the long-term effects of Internet overuse on the development and functioning of the brain. Lou will propose a model of executive functioning, which includes the contribution of emotional regulation, self-awareness and empathy for optimal adaptation and functioning.

Dr Ameer Baird
Neuroscientist, Author
Newcastle,

Dr Ameer Baird completed her PhD and Master of Psychology (Clinical Neuropsychology) and undergraduate studies in Psychology and Anthropology at the University of Melbourne. She has worked as a clinical neuropsychologist in Australia and overseas since 2003. Since living in Newcastle, she has worked with the Hunter Brain Injury, Dementia/Aged Care, Neuropsychiatry and Central Coast Adult Neuropsychology Services. Author of *Sex on the Brain: How Your Brain Controls Your Sex Life*.

SEX AND THE BRAIN

In her keynote, clinical neuropsychologist Dr Ameer Baird provides an entertaining and informative tour of the sexiest bits of the human brain. Using case examples, Ameer will discuss pathologies no longer hidden in medical journals or the bedrooms of people whose sex lives are undergoing dramatic change, providing a better understanding of the links between brain function and our sexual selves.

Dr Jared Cooney Horvath
Educator,
Melbourne

Dr Jared Cooney Horvath (PhD, MEd) is a neuroscientist, educator, and author of *Stop Talking, Start Influencing: 12 Insights from Brain Science to Make Your Message Stick*. At the crossroads between the laboratory and the classroom, Jared spends most of his time working directly with schools or helping companies and organizations to improve training, education, impact, and engagement.

FROM THE LABORATORY TO THE REAL WORLD: ISSUES OF TRANSLATION

Dr Jared Horvath explores why laboratory research so often does not impact everyday practice and consider what is required to effectively translate research for varied real-world contexts. Using education and teaching as a practical lens, he will conclude by diving into several examples of the translation process in action.
